MEMORANDUM FOR THE RECORD

TO : Assistant Director, Current Intelligence

SUBJECT: Meeting with Jackson Subcommittee Staff

1. On 5 January I met Miss Fosdick and Mr. Garside (?) of the staff of the Senate Subcommittee on National Policy Machinery at their request.

2. The Subcommittee plans to release our paper on Soviet policy machinery to the public. This involves having it re-printed in G.P.O. G.P.O, however, does not print in color and some of the charts in our paper use colors to convey meaning. The Subcommittee therefore asked our help.

3. I agreed to provide a set of altered charts which would give the same information when reproduced in black-and-white, with the proviso that we would not start work on them until the charts for DCI's presentation to the House Defense Expenditures Subcommittee were completed.

4. No other subjects were discussed.
